Simultaneous translators

Exhibitions are an important way of communicating with your customers. But you need to maintain regular contact – and you can do this by advertising in the local trade journals which your customers read.
We publish – throughout Europe – specialist media covering just about every trade and technical field. Contact IBPA, the world's largest publishing consortium for Europe. We'll tell you about discounts, translation assistance and the overseas journals in your market.

BRITISH OVERSEAS TRADE BOARD

Programme of Trade Promotions 1973-75

The British Pavilion at the Poznan International Trade Fair, where 140 British firms showed their goods last year. In 1973 the Fair is being split into two—an International Technical Fair in June, and an International Consumer Goods Fair in September. The British Pavilion at the June exhibition will be one of the biggest ever mounted at an Overseas Fair where Britain regularly participates.

Section I

Overseas events where Government assistance to UK participants is planned or under consideration — **pp S5-S29**

Section II

European Trade Fairs and Exhibitions — **pp S32-S48**

Section III

Trade Fairs and Exhibitions outside Europe — **pp S48-S56**

Section IV

Trade Fairs and Exhibitions in the United Kingdom — **pp S56-S59**

Programme of Trade Promotions

This programme of Trade Promotions is published as a supplement to *Trade and Industry* in January, April, July, and October.

Section I lists overseas trade promotions and missions over the next two years for which DTI support is already being planned, or is under consideration. The information is necessarily brief, but further details can be obtained from the trade association or from the officer named against the event. (Tel. 01-248 5757). For trade fairs the date shown in brackets after the officer's name and telephone extension number indicates the closing date for applications for support. Those interested in participating in any event for which the cut-off date has passed should inquire of the sponsor or the officer named against the event, as occasionally it is possible to accommodate late requests. Where no date is shown the cut-off date has not yet been fixed.

Section II (Europe) and **Section III (outside Europe)** list a number of regular overseas trade fairs, some of which are also included in Section I. **Section IV** lists some United Kingdom trade fairs.

Fairs in this supplement are classified under the commodity groups (right), definite dates being given when known or alternatively the month in which a fair is usually held.

General inquiries about support provided by the DTI should be addressed as follows:

For trade fairs, British Weeks, British Shopping Weeks, store promotions and symposia: Fairs & Promotions Branch, Department of Trade and Industry, Hillgate House, 26 Old Bailey, London EC4M 7HU (Tel. 01-248 5757, Ext. 7091).

For Outward Missions: Fairs & Promotions Branch, Department of Trade and Industry, Hillgate House, 26 Old Bailey, London EC4M 7HU (Tel. 01-248 5757, Ext. 7086).

For Inward Missions: Special Export Services Branch, Export Services Division, Department of Trade and Industry, Export House, 50, Ludgate Hill, London EC4M 7HU (Tel. 01-248 5757, Ext. 463).

How the British Overseas Trade Board can help you to promote your goods overseas

Under the direction of the British Overseas Trade Board, the Department of Trade and Industry supports British firms at trade promotions overseas.

In 1972 the Department of Trade and Industry supported some 5,000 firms exhibiting at 291 trade fairs in 37 different countries: six British Shopping Weeks and 53 Store Promotions. In 1972 117 Outward Missions were supported and some 1,300 firms were helped in that way.

Joint Ventures

Under its Joint Venture Scheme the Department of Trade and Industry provides space and a shell stand for each firm taking part in a group display sponsored by a trade association or other non profit-making body at an overseas trade fair. In addition, for joint ventures held outside Western Europe, the Department pays half the return tourist air fares of two representatives from each firm manning their stand for the duration of the event and half the freight charges for returning unsold goods exhibited at the event. Firms taking part in a joint venture display will be charged a participation fee.

British Pavilions

At some overseas trade fairs, usually those where participation is organised on a national basis, the Department organises British pavilions. Space and shell stands are provided to participating firms at attractive rates. Firms taking space in a British pavilion, provided the event is held outside Western Europe, are also eligible for assistance similar to that given under the Joint Venture Scheme towards the costs of representatives' travel and of returning unsold exhibits.

Technical Symposia

In certain circumstances British firms taking part in technical symposia organised in association with a trade association may be given support comparable to that available under the joint venture or outward mission schemes.

Information Stands

At the more important trade fairs, especially in Western Europe, the Department provides an official Information Stand staffed by Diplomatic Service Commercial Officers. Apart from dealing with commercial inquiries, these Information Stands serve as a focal point for British firms exhibiting at the event either directly or through local agents.

British Weeks

British weeks are major promotions of British consumer and consumer durable goods at the point of sale in a selected city overseas. The aim is to develop sales direct to customers through every suitable shop or other retail outlet in a selected area of a chosen city. Capital equipment manufacturers also take advantage of the favourable atmosphere created during these events.

British Shopping Weeks

These are organised by local authorities or Chambers of Commerce overseas with the help of Diplomatic Service Commercial Officers. The Department of Trade and Industry may provide display material, arrange supporting events and may help individual stores to arrange special features.

Store Promotions

Promotions of British goods involving a substantial volume of new buying are frequently put on by overseas department stores. The Department of Trade and Industry assists the store by providing display material and by arranging for special supporting features to be set out either wholly or partly at the store's expense.

Outward Missions

Trade Missions to overseas markets are sponsored by a trade association, Chamber of Commerce or similar non profit-making body. Their purpose is to assess the prospects for British exports in selected markets or to sell or to promote the sale of British products. For approved Outward Missions the Department of Trade and Industry contributes towards the costs of each participant according to a fixed scale.

Inward Missions

The Department of Trade and Industry offers financial assistance to trade associations and other non profit-making bodies sponsoring visits to Britain by groups of overseas businessmen wishing to purchase British products or assess the latest developments in British industry.

They say there's an awful lot of coffee in Brazil... and that flying down to Rio with the girl from Ipanema can be fun

But nuts to all that!

Brazil is much more than a country to sing about. Brazil is now one of the world's 'boom' markets. Last year it achieved its highest ever G N P – 11.3% – an increase of 8.5% since 1964. Indeed, so confident are financial investors in its rising commercial prosperity that Brazil is now the largest recipient of new lending commitments by the World Bank.

Brazil, the fifth biggest country in the world with a population close on 100 million, is a market hungry for capital and specialist goods.

Your showroom there is the new £30 million Anhembi Park Exhibition and Congress Centre at São Paulo. Covering a total area of 120 acres, equipped with every modern facility, it is a superb background for your entry into the whole of the rich Latin American market.

Fly with Varig to Brazil

Varig Brazilian Airlines, the international airline of Brazil, will fly exhibitors and exhibition visitors to Brazil any day of the week. Most days you can choose from two or even three flights on board Luxury 707 Intercontinental Boeings with the new wide 'Super Jet' look.

Varig not only have the fastest and most frequent services, fifteen flights a week from the UK and Europe, they also help smooth your way through formalities and book your onward internal flights to all South America – probably fly you there themselves. Varig have the most comprehensive coverage of all Latin America.

All Varig flights utilise the city airport of Congonhas which is within easy reach of Anhembi Park.

Less time in flight – more time for business.

ITF shows the w

ITF organises national and international exhibitions for commerce and industry throughout the world. One of the largest organisations in the field, ITF is responsible for some 40 major trade shows in the United Kingdom and Ireland, besides major British trade fairs overseas.

ITF is in a position to offer companies of all sizes from Britain and overseas the opportunity to show their products and services in a series of exhibitions over a wide range of industry.

Almost all the exhibitions in the United Kingdom and Ireland are planned, organised and staged under the direct sponsorship of interested trade associations and federations. All British fairs and promotions held overseas have been presented with the full co-operation of the Confederation of British Industry and the Association of British Chambers of Commerce with active support from the Department of Trade and Industry. The British exhibitions being held overseas in 1973/4 are being organised on behalf of the Department of Trade and Industry.

RECLAMATION AND DISPOSAL EXHIBITION

Olympia, London, England. 10-15 September 1973
Sponsored by Materials Reclamation Weekly

Profit and social gains are being made by this industry. The Exhibition will show the machinery and equipment used in the collection, transportation, disposal or sorting and processing of materials for re-use. It will also be a shop window for the services offered by the firms which recycle raw materials.

Merchants, industrialists and officials from Local and National Authorities should come to this Exhibition—it only happens once every four years.

Think of the technical changes that happen in four years. Do not wait until 1977, write now for further details and complimentary tickets from:

International Reclamation and Disposal Exhibition,
